

BHI'16 Proceedings

We're Green!!

EMBC now has all the proceedings online instead of on a USB. We will only have WiFi in the Westin guestrooms & public areas of the hotel, so we do recommend that you download/print any papers ahead of time as we will not have a printer available on-site. Below is the information for the paper portal:

<http://emb.citengine.com/event/bhi-2016/>

You will need your conference registration number in order to have access to download papers.

**Please note that you are only able to download 1 paper at a time however once the conference is over and the no show authors have been removed you will have access to download all the papers.*
